Work Program Update – Itogon Gold and Silver Project

ECR Minerals, the Manager of Tiger’s Itogon Project, has advised:

**“ITOGON GOLD-SILVER PROJECT, PHILIPPINES “**

“At the Itogon gold-silver project in the Philippines (“Itogon”) a programme of surface channel sampling has commenced and assay results are expected in the first quarter of 2014. In addition it is planned that during the first quarter an initial 1,000m drilling programme will be completed, and tenement wide stream sediment and soil sampling and rehabilitation of a historical exploratory tunnel will commence. Details of these programmes were provided in the Company’s announcement dated 9 December 2013. “

“ECR has the right to earn a 50% interest in Itogon and is currently the operator of the project, pursuant to an earn-in and joint venture agreement between the Company, Cordillera Tiger Gold Resources, Inc. (“Cordillera Tiger”), which is the holder of the exploration permit (EP) pertaining to the project, and Tiger International Resources, Inc. “

**Patric Barry, President and CEO of Tiger International Resources, states:**

“I have high confidence in the economic prospectivity of this project, and with the commencement of physical work we hope assays will confirm our optimism.”

“Tiger has the benefit of having prior reports and history with the Itogon Project, encouraging our optimism. Shareholders will be advised through further news releases as results are available.”

The company’s annual general meeting (AGM) will be held at the office of the company at 26981 Highwood Circle, Laguna Hills CA., on February 14th, 2014 at 8 am West Coast time.
